Email: [Brian.Holland.PR@gmail.com](mailto:Brian.Holland.PR@gmail.com)

Phone: 707-761-7595

Website: <https://www.brian-holland.com>

Project Portfolio: <https://github.com/Brian-Holland>

## PROJECTS

- **Contact Keeper:** Full-stack application using MongoDB, Express, React, and Node to allow users to create an account, log in, and store contacts using full CRUD commands.  
**Deployment:** <https://contactkeeper-react-app.herokuapp.com/>  
**Repo:** <https://github.com/Brian-Holland/Contact-Keeper>
- **GitHub Finder:** Responsive React app allowing users to search for GitHub profiles using the GitHub API. Displays content in a custom profile component using results from the API.  
**Deployment:** <https://github-find-app.netlify.app>  
**Repo:** <https://github.com/Brian-Holland/GitHub-Finder>
